IDEAS & LIFE

mel 🫀☁️ @melodaysong · Nov 10 IDEAS & LIFE

kind of funni how so many of our triggers are, at their essence, just a deep love carving through us the way a river carves out a canyon and the pain is just some part of us resisting the inevitability of that river and it's just love we are pushing against man oh man 😭

Behold! The Genuine.

Would the sentiment be the same without including the word?
“every philosophy is idealism”
Sure. The claim does not require it. So, to what effect has this famous thinker included it?

Consider the health of t his person's philosophical philter.

Adam Robbert @AE_Robbert · Nov 10 IDEAS & LIFE

The idea that individual things only exist as a consequence of our practical application of concepts seems very misguided.

Wilbur @iluvpandas6969 · Nov 10 IDEAS & LIFE

Shocker: He’s not sorry

He just had to go on an apology tour for PR

in a sane society he’d simply have multiple wives like it was in the Bible

Polygyny is coming to the west rapidly and it’s the only thing that can bring order back to our crumbling social infrastructure

NATURE & HISTORY

Dutch Rojas @DutchRojas · Nov 10 NATURE & HISTORY

I came to America in 1993.

Two years later, I spent Christmas standing on the yellow footprints.

December 25, 1995.

A kid from the Netherlands about to get a very loud introduction to the United States Marine Corps.

I served from 1995 to 2003.
I’ve had a few titles since then.

Marine is the one I’ll carry for the rest of my life.

To everyone who stood on those footprints and earned the title, happy birthday, Marines!

Semper Fidelis.

Rojas out.

BOOKS & FAITH

Justin Murphy @jmrphy · Nov 10 BOOKS & FAITH

I saw this book on my friend @ChrisWillx's podcast and immediately ordered it (to learn what's wrong with me).

What I learned was so shocking, I had to write a review.

Mac Vogt @MacVogt · Nov 10 BOOKS & FAITH

All preparation, all generosities, the towering pillar of humanity behind every step.

A world at an astonishing elevation.

A pleasingly anachronistic television set.

Suppose the teller could only feel this bank.

Suppose the healer gambled away the settlement.

Placed one hand on his chest.

The other on his stomach, eyes closed.

. . .

That’s all for today.
